# WHY MEN?

Can't women defend their own rights?

If there are women on one side of inequality, **there are men on the other side.**

# WHY MEN?

Can't women defend their own rights?

While the number of men and women in the world are almost equal, **considering that inequality is only a women's issue creates a deeper gap.**

# WHY MEN?

Can't women defend their own rights?

However, including men in the fight **directly** is the most critical step taken towards changing the order.

# WHY MEN?

Can't women defend their own rights?

Without active inclusion of men in the fight over equality, **achieving full equality is not possible.**

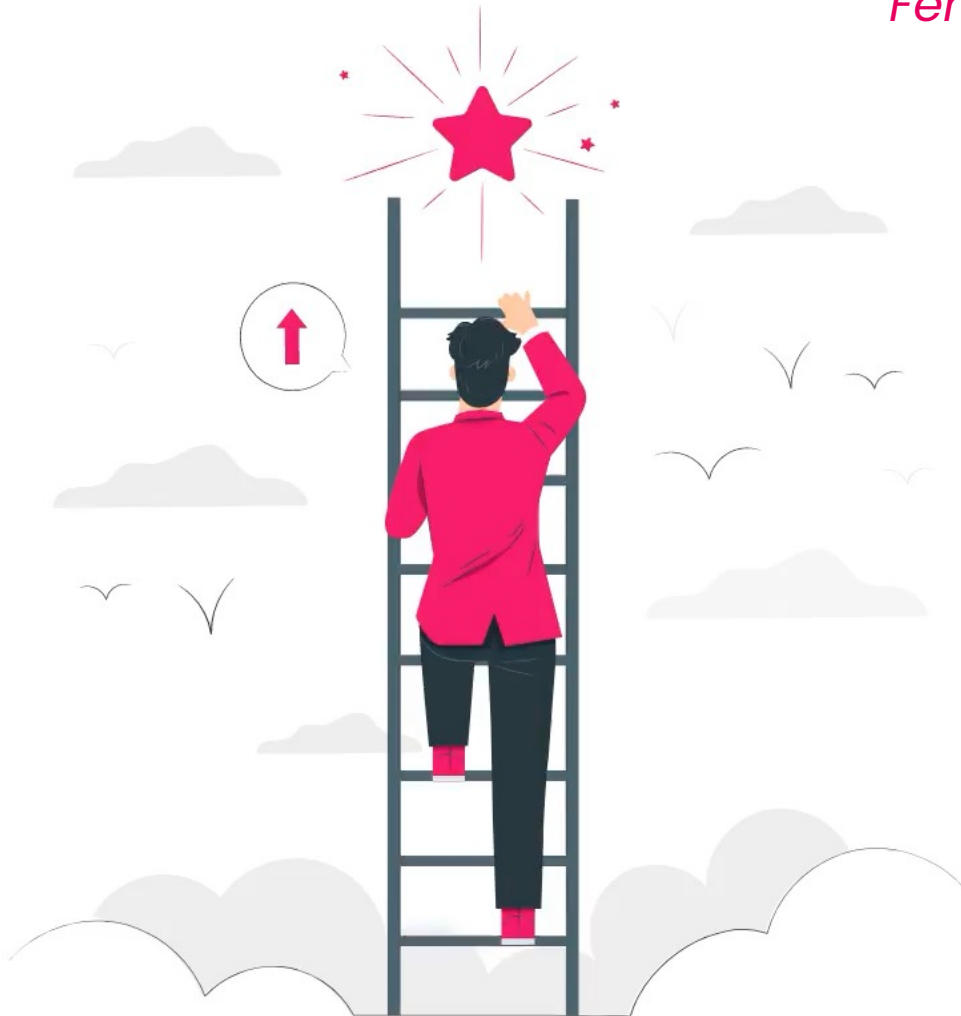

# YANINDAYIZ

That is precisely why YANINDAYIZ is an institution where **men vocalize women's problems** and advocate for gender equality.

# CAN MEN BE FEMINISTS?

*Feminism is for Everybody*

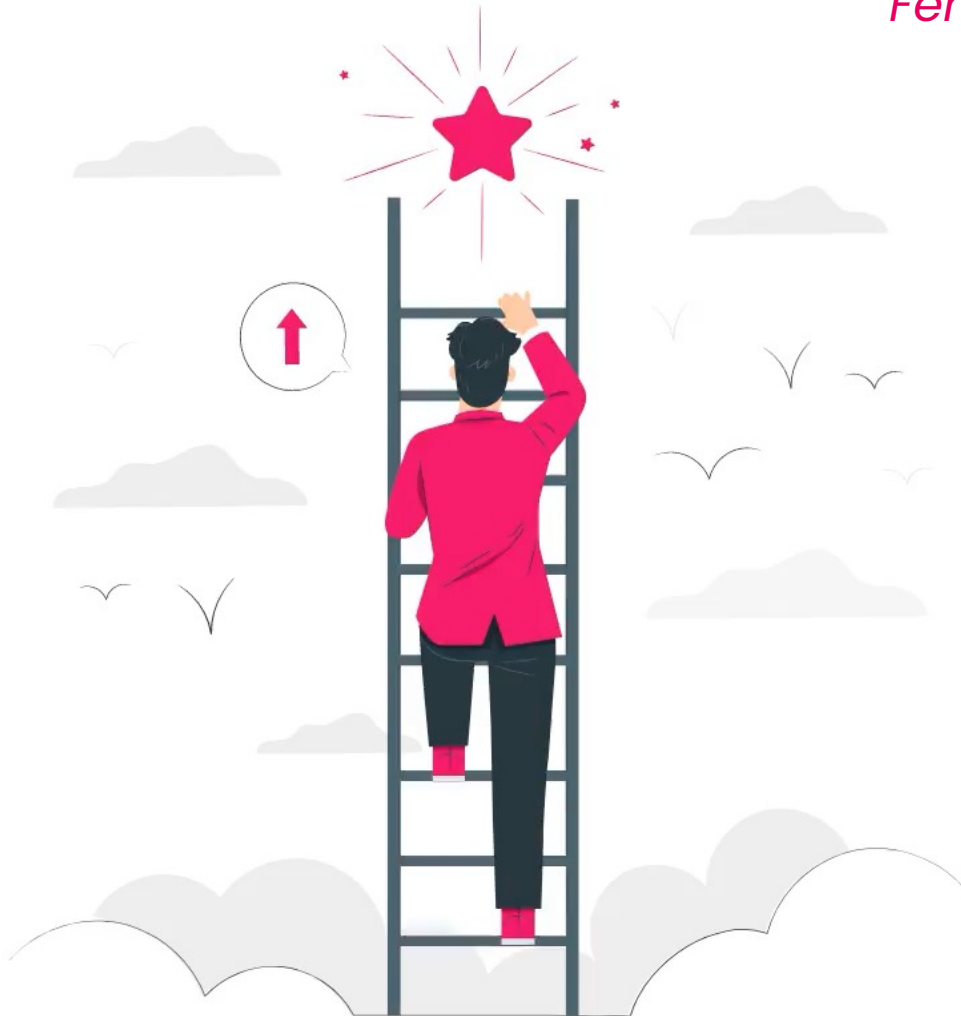

“Feminism is for everybody!  
Feminist masculinity is the way  
out of men that suffer from the  
patriarchal system!”

*\* Feminism is for Everybody, bell hooks*

# CAN MEN BE FEMINISTS?

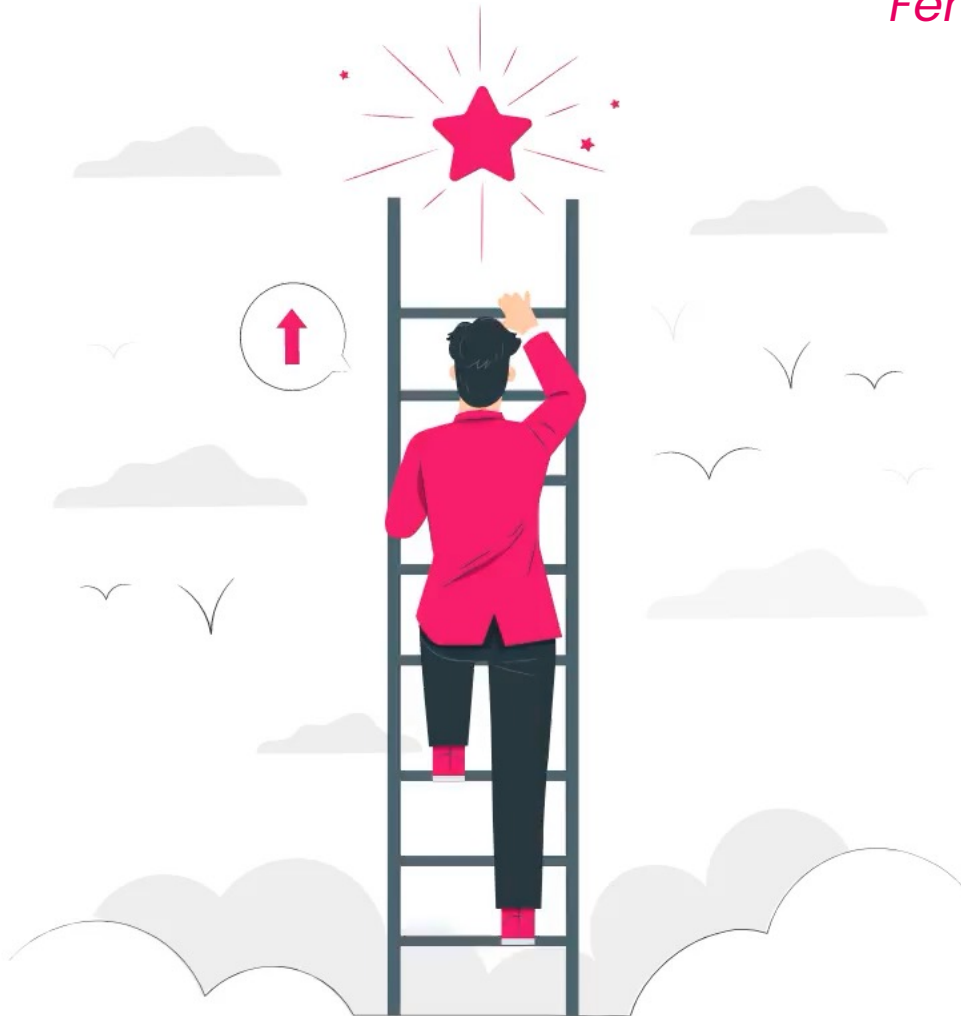

*Feminism is for Everybody*

Because **the load of patriarchal order** exhausts and applies pressure on men as well as women.

# CAN MEN BE FEMINISTS?

*Feminism is for Everybody*

Therefore, **the pro-feminist men of YANINDAYIZ fight** against all obstacles and prejudices that lead to gender inequality.
